

David Israel Ruiz Cabrera

FRONTEND DEVELOPER

I'm a Front-End Developer with more than four years of experience using HTML, CSS, Tailwind CSS, Sass, Material-UI JavaScript, React and Typescript, Next.js, Git/Github, Firebase, Dart and Flutter. My goal is to work remotely, collaborating with international teams and contributing to impactful projects.

EXPERIENCE

April 2020 - Current

Content creator | Personal YouTube Channel

- I teach about various front-end technologies like HTML, CSS, JavaScript, Tailwind CSS, and React through engaging project-based tutorials.

<https://www.youtube.com/CodingTube>

September 2023 -
December 2024

Frontend Developer | Narranz

- Developed the main application interface enabling seamless interaction with data from over 100 sensors.
- Designed and implemented new features for managing and visualizing sensor data.
- Streamlined the frontend development process by

introducing reusable component patterns.

November 2022 -
December 2023

Javascript Frontend Coach | Laboratoria

- Conducted over 150 personalized one-on-one tutoring sessions, empowering students to master technical concepts in HTML, CSS, JavaScript, and React, which contributed to a 95% course completion rate.
- Improved students' problem-solving abilities by guiding them through more than 100 hands-on coding challenges and real-world projects, leading to a 40% increase in their assessment scores.
- Provided emotional support and motivation, boosting student confidence and resilience, which contributed to a 20% reduction in dropout rates.
- Assisted students in creating 50+ professional-grade projects by offering guidance on best practices and industry standards, improving portfolio quality and job readiness.

April 2018 - December
2022

Project Manager | NODO CIA. LTDA.

- Led a development team of 4 members to successfully deliver 5+ software projects on time and within scope by applying Scrum methodology, achieving a 100% on-time delivery rate.
- Improved project delivery efficiency by 30% through effective sprint planning, task management, and fostering collaboration, resulting in a 20% increase in team productivity.
